

TECHNICAL DATA SHEET

LIQUID CLEANER/DEGREASER

197-2120

DESCRIPTION

An all-purpose detergent/solvent concentrate, that may be used on all hard surfaces. Removes grease, black heel marks, lipstick, crayon, wax and many other hard to remove soils.

PRODUCT CHARACTERISTICS

- ◆ Economical
- ◆ Concentrated liquid
- ◆ Non-flammable
- ◆ Pleasant Odor
- ◆ Free Rinsing

METHOD OF APPLICATION

- ◆ Spray, mop or sponge onto surface to be cleaned. Allow time to penetrate soil. Rinse with clear water where necessary.
- ◆ Latex paint surfaces, walls and ceilings - Dilute 30:1 with clean water
- ◆ Steel files, metal desks, lockers, and general cleaning - Dilute 20:1 with clean water
- ◆ Wax stripping or other cleaning jobs - Dilute 8:1 with clean water. Solution should be allowed to penetrate surface prior to scrubbing. Rinsing is necessary.
- ◆ Plastic fans, grills, refrigerators, motor shells, white wall tires, printing presses, ink stains, air conditioning coils, etc. - Dilute 4:1 with clean water
- ◆ Heavy grease build-up on engines, ovens, air filters, etc. - Dilute 1:1 with clean water

NOTE: We recommend that you test a small area before using to determine proper dilution rate.

TECHNICAL DATA

Physical State	Liquid
Weight per Gallon	8.8 pounds
Color	Blue
Odor	Sassafras
Flash Point	None
pH Value	13.5
Biodegradable	Yes
Freeze/Thaw	Stable, 2 cycles

AVAILABLE CONTAINER SIZES

55 Gallon, 5 Gallon and 1 Gallon containers
